Hiring Committee
SAP STAR Hiring Drive
SAP Labs India, Bangalore

Subject: Application for SAP M.Tech Work-Integrated Learning Program (Requisition ID: 433160)

Dear Hiring Committee,

I am excited to apply for the **SAP M.Tech Work-Integrated Learning Program with BITS Pilani**. Currently pursuing a **BCA at the Sehsadripuram Degree College, Mysore (2023– 2026)**, I bring a strong foundation in **full-stack development, AI/ML, and cybersecurity**, along with hands-on project and internship experience.

I have successfully built and deployed projects such as a **Flask + MySQL Library Management System**, an **AI-based Criminal Identification System**, and a **SmartRecycle platform** during the Infosys Hackathon. My internships with **Shell India (AI & Data Analytics), Nexus Logic Technologies (Web Development), and IBM SkillsBuild (Cybersecurity)** have strengthened my ability to apply academic knowledge to industry challenges.

With expertise in **Python, NextJS,ReactJS, TensorFlow, Flask, MySQL, and GCP**, combined with certifications in **Google Cloud Generative AI, Microsoft AI Foundations, and Deloitte Data Analytics**, I am confident in my ability to contribute meaningfully to SAP's innovation-driven teams.

This program excites me because it blends **cutting-edge academics with real-world enterprise projects**, and I am eager to learn, contribute, and grow with SAP's mission of helping the world run better.

Thank you for your time and consideration. I look forward to the opportunity to contribute to **SAP's innovation hub in Bangalore**.

Sincerely,
Arshad Pasha
