Career Objective

Aspiring software developer with strong foundations in **Python, Java, and C++,** currently pursuing a **Bachelor of Computer Applications (BCA)**. Experienced in full stack web development, AI/ML, and cybersecurity through internships, hackathons, and personal projects. Seeking to join the **Google Software Application Development Apprenticeship 2026** to enhance technical expertise, contribute to innovative solutions, and grow into an industry-ready software engineer.

Qualifications Summary

Minimum Qualifications

- Pursuing **Bachelor's degree in Computer Applications (BCA, 2023–2026)** – relevant to software development.
- **1 year of experience** programming with **Python, Java, and C++** in academic and project settings.

Preferred Qualifications

- Experience using **Google Cloud, GitHub, and Google Workspace tools**.
- Strong **problem-solving** skills applied in hackathons and real projects.
- Proven ability to **work independently and in team settings**.
- Adaptability to **ambiguous tasks and competing priorities**.
- Passion for **emerging technologies**, demonstrated through projects and certifications.
- Excellent **communication, organizational skills, and leadership roles** in college.

Technical Skills

- **Programming Languages:** Python, Java, C++, JavaScript, C
- **Web Development:** HTML, CSS, JavaScript, ReactJS, Next.js, Flask
- **Databases:** MySQL, SQLite, MongoDB, Firebase
- **AI/ML Tools:** TensorFlow, PyTorch, OpenCV, Pandas, Vertex AI, Gemini API, DeepSeek API
- **Cybersecurity:** Kali Linux, Ethical Hacking, Cryptography, Steganography, Threat Analysis
- **Cloud & DevOps:** Google Cloud Platform (GCP), GitHub Actions, GitLab
- **Tools & Hosting:** Netlify, Render, Railway, InfinityFree, 000webhost

---

Education

Bachelor of Computer Applications (BCA)
Seshadripuram Degree College, University of Mysore
2023 – 2026

Professional Experience & Internships

AI & Data Analytics Intern – Shell India (AICTE / Edunet Foundation)
Jun – Jul 2025

- Applied AI and analytics in real-world business use cases.
- Gained exposure to sustainability-focused digital solutions.

Web Development Intern – Nexus Logic Technologies
Mar – May 2025

- Developed and maintained web applications using HTML, CSS, JavaScript, and MySQL.
- Strengthened full-stack development expertise.

Cybersecurity Intern – IBM SkillsBuild (AICTE / Edunet Foundation)
Jun 2025

- Practiced secure coding, network defense, and threat analysis.
- Hands-on experience with Kali Linux and cybersecurity frameworks.

Full Stack Intern – Micro IT
Apr 2025

Strengthened foundations in full-stack web development and deployment.

Key Projects

- **Library Management System (Flask + MySQL):** Secure CRUD-based system with Railway deployment.
- **Criminal Identification System (Python + OpenCV):** Facial recognition with real-time SMS alerts.
- **SmartRecycle (Infosys Hackathon):** Waste pickup and reward platform developed in 48 hours.
- **ElementMix (AI Chemical Reaction Simulator):** Predicts reactions using DeepSeek API.
- **Chrome Productivity Extension:** Lightweight tool for instant task notes.

Certifications

- Google Cloud: Build Multi-Modal GenAI Applications (Vertex AI, Gemini API)
- Infosys Springboard: OpenAI GPT-3 for Developers, Intro to Data Science
- Microsoft: Foundations of AI
- UiPath: RPA Developer Training
- Deloitte: Data Analytics Job Simulation & Cybersecurity Virtual Experience
- Self-Learned: Cybersecurity with Kali Linux

Hackathons & Achievements

- Infosys Global Hackathon (2025) – Full-stack project delivered in 2 days.
- AITHON – Applied AI tools for web/image/data solutions.
- Hindustan College Hackathon (2024) – Health & wellness website.
- 🥇 1st Prize – Website Development Competition (Degree Level)
- 🥈 2nd Prize – Website Development Competition (PU Level)
- Open-Source Contributor – Social Summer of Code (SSOC)

Leadership Roles & Strengths

- Education Vice-Captain (PU College), Class Representative (Degree College).
- Strong **teamwork, communication, and organizational skills**.
- Quick learner, adaptable, and enthusiastic about emerging technologies.
